

Hallie Hill Animal Sanctuary

35 Pounds on Arrival

Hoss Finds A Haven

Meet one of our newer family members, Hoss. He was found by a boy riding his bike on Old Jacksonboro Road in the Adams Run area. At first the boy thought he was dead, but as soon as he saw movement he rushed to help. Leaving his bike on the roadside, he carried the emaciated dog home to his mother. The family quickly realized that Hoss's situation was critical and he needed medical treatment, so they called us for help. Hallie Hill rushed Hoss in for an emergency blood transfusion because he was severely anemic. He was so weak, he could only stand a few seconds before collapsing.

Treatment for open sores, intestinal parasites, some vitamins, fluids, and a steady diet was prescribed. It took Hoss almost three weeks to show improvement, but he finally started gaining strength and weight! It has been a long road to recovery, but we have enjoyed watching his personality shine through as he grows stronger and more energetic each day. Being so loving and sweet, we feel Hoss would thrive in a home. Like many of those who came before him, we do not know what his life was like before arriving at Hallie Hill. No medical reason could be found for his condition, so the vets gather Hoss was simply starved to the point his organs began shutting down. We are saddened that someone is to blame for this dog's suffering, but are grateful for the young man who found him on the roadside and saved his life. Hoss has a hero!

55 Pounds and Growing!

Consider Fostering

We are excited to announce the expansion of our foster program. We are currently searching for qualified foster parents for some of our animals. It is a "win-win" for all involved! If you choose to foster, the animal gets your love, attention, and the experience of living in a family setting. You would get love and companionship from the animal, along with the satisfaction that comes with doing a good deed! AND— we will learn so much about how the dog adjusts to a household environment and use this knowledge to find the perfect adopter. If you are interested in fostering, email us at info@halliehill.com

Kurt and his foster dog Rice.

How You Can Help...

Adopt!- or Help spread the word that we have many adoptable dogs and cats!

Volunteer!- We need many more volunteers for enrichment activities for both dogs and cats. Contact dana.clark@halliehill.com

Donate! Gifts of money, toys, blankets, dog shampoos, treats, and other supplies are always appreciated!

Adorable Adoptables

Ariel is ready for dock diving! She's a deaf mix that loves the water and will retrieve anything. Her striking blue eyes will leave you breathless!

Brisco

Lovable, energetic, 2 yr. old male that would love to be a lap dog, even at 60 pounds. His long legs and wagging tail would be a great addition to an active family.

Sasha

Sasha is a 6 year old Shepherd/Lab mix that loves the water, catching Frisbees, and would make a great running partner.

Snip

This friendly and loving girl would make a "purrfect" companion. Her "snip" of white looks like a crooked milk mustache.

Thank You Volunteers!

Lauralee Hanson gives Robbie a ride on the golf cart.

The heart and soul of Hallie Hill are the dedicated volunteers. Each day they donate their time to enrich the lives of the many dogs and cats residing at the sanctuary. Their tireless dedication means so much to each and every

animal they shower with love and affection. With over 200 animals to take care of, the volunteers are critical in the socialization of the animals to prepare them for life in a new home. There is a never ending list of tasks for volunteers to complete. If you prefer canine companions, you can spend your day walking, grooming, filling pools, or throwing balls for the dogs. If felines are your friends, you can feed, pet, and play with the cats. Volunteers must be 18+ years old. If you are interested in volunteering, contact dana.clark@halliehill.com.
