

**We can't change
their past,
But we can
rewrite their future.**

July, 2021

The Hallie Hill Howler

From the A.D.'s Desk...

As a part of the leadership team at Hallie Hill, I am always excited to "talk shop" and share knowledge with other animal welfare individuals as well as the public. I was recently invited to speak at the annual Basenji Rescue and Transport Convention (BRaT). This year's convention was held June 3-5 in beautiful Asheville, NC. There were about eighty people in attendance as well as fifty dogs!

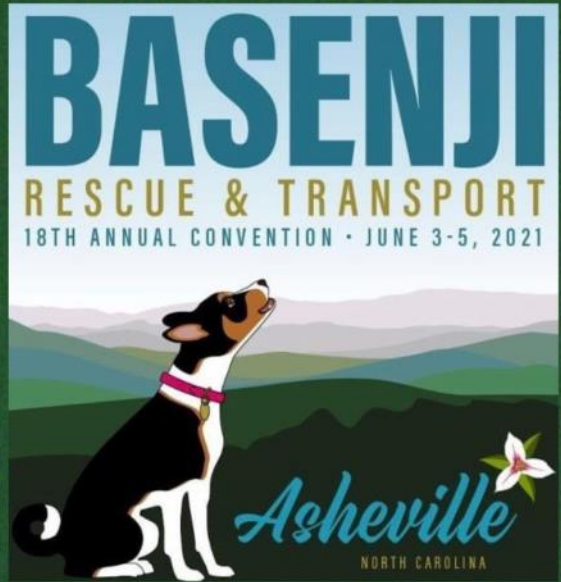

My presentation was titled, "Rescue: A view From Inside Shelters." We began by discussing that there is no single governing body that regulates the operation of animal shelters. Each shelter organization is its own entity, with their own policies, procedures, and governing body. Even though each shelter operates independently, they can be grouped into four common types: municipal shelters, private non-profit shelters (open intake), private non-profit with an animal control contract, and, finally, limited admission non-profit shelters. We discussed those shelters with SPCA in their titles have no affiliation with the American Society for the Prevention of Cruelty to Animals (ASPCA). Similarly, shelters with 'Humane Society' in their titles have no affiliation with the Humane Society of the United States (HSUS). People tend to believe that these and other organizations like them, assist with the daily care and cost of feeding shelter animals. They do not!! They are primarily educational organizations who offer training materials and conferences (with or without fees) to shelters. They also bring animal welfare issues to the public's attention, for example, puppy mills and dog fighting. They are involved in law making and pursuing legislation for animal welfare. Lastly, we talked about what happens when an animal arrives at a shelter, including the process of intake, the care the animals are given and how they get to the adoption floor or to a rescue.

There are so many different facets to the essential animal welfare community! It is so important, even though we all have our own mission and processes, to respect each other, learn from each other and work hand in hand to ensure the best outcome possible for the animals in our care.

Michele Griffin

Assistant Director /Adoptions Coordinator / HHAS

Volunteer Spotlight

Volunteers play such a vital role at Hallie Hill. We are so appreciative of you ALL!!! Here is a sampling of the many things that volunteers do for which we are so grateful: Cleaning barn stalls. Folding laundry. Washing dishes. Sweeping barn stalls. Mucking enclosures. Cleaning water and food bowls when needed. Removing old toys and sticks from enclosures. Brushing dogs. Bathing dogs. Cleaning the cattery. Feeding cats. Socializing cats and kittens. Fundraising. Donating. Cleaning the bunkhouse. Sewing masks and patches. Picking up donations. Transporting animals to and from the vet. Showcasing dogs/cats on TV. Assisting with events. New volunteer orientation. Walking dogs. Fostering animals. Helping spread the word about Hallie Hill on social media. Storm respite. Baking cakes to keep us all happy! And so, so much more.....

The Hallie Hill family is truly amazing!!!

Attention Cat Lovers!
We are looking for a loving volunteer to do the cat care regularly on Mondays!
Contact Jennifer if you are interested!

ATTENTION VOLUNTEERS!
Summer Hours: 8:30 AM —12:30PM
Sunday, Monday, Tuesday, Wednesday and Friday
Don't forget to schedule your visit at signup.com

Make a general donation or sponsor a specific swimmer!

... and don't forget to join us live on Facebook
Saturday, July 31st - bright and early!

Fireworks Safety *for pets*

Keep your pets secured INSIDE your home. Even dogs in fenced yards find ways to escape the scary sounds.

Give them a safe place to hide. Set up a comfortable room or crate in your house just for them.

Use ambient noise to mask the noise. A radio or TV playing comforting music works well.

Update their IDs & microchips *(just in case).*

Skip the celebration and stay home with them. Sometimes your presence makes all the difference.

Keep them busy. Treat toys, like Kongs, can help distract them during the display.

Many animals arrive at HHAS infected with heartworms. Treating heart worms is costly and time consuming. First, the dog is given a heartworm preventative that kills the immature heart worms (larvae). This not only prevents new adult heart worms, but it reduces the possibility of mosquitoes spreading the heart worms to other animals. Secondly, the dog is given an antibiotic twice daily for 30 days prior to the treatment. The antibiotic weakens the adult heart worms by killing a bacteria that lives inside their gut. Immiticide is a series of three injections that kill the adult heart worms and it requires that the dog be crated or otherwise kept quiet for eight consecutive weeks. We counsel adopters that heartworm prevention is simple and relatively inexpensive compared to treatment. Thanks to generous contributions, the residents of the sanctuary receive heartworm and flea prevention monthly.

 **BCCC Annual Picnic at
Hallie Hill Animal Sanctuary**

Saturday, June 12th
5604 New Road
Hollywood

Scarlett's Story!

Michael Carnell, and his wife, Nancy, attended the BCCC picnic at Hallie Hill. (Michael is the founder of the BCCC!) He is a lifelong cat lover and couldn't wait to visit the cattery on the day of the picnic, so that is just what we did! Scarlett was quite taken with Michael and he with her...it was a love story happening before our eyes! The next day, Nancy emailed me to ask how they could adopt Scarlett to surprise Michael for Father's Day! She contacted Michele and the rest is history! We are sooo thrilled for both Scarlett and her new Cat Daddy! Many thanks to the Carnells!

Nancy was kind enough to send us pictures from Michael's Fathers Day surprise. Here are her comments....

"The surprise went great. He had no idea and was surprised and very happy. We have changed her name to Mischief but call her Missy. She is in to everything. It has been fun having some kitten energy back in our house. Our older cat was not thrilled, but things are starting to get better. Luckily, Missy seems to understand that May is older, bigger and very set in her ways!"

Harriet

47 *la Joie* Spring 2021

Hallie Hill

By Katherine Watts

Harriet is a sweetheart who has called Hallie Hill Animal Sanctuary near Charleston, South Carolina, her home for at least ten years. One gaze from her soft brown eyes and your heart will melt: Love at first sight. She is such a special girl!

She was found severely emaciated with a pelvis fractured in several places and an injured foot that were tended to by skilled veterinarians as the body took care of healing itself. The spirit that was broken was healed and mended by the sheer veil of love that enrobed her once she became part of Hallie Hill. Here, love, like a gentle breeze surrounds them all and comforts. It is palpable and alive throughout the Sanctuary – it is everlasting.

For some, Hallie Hill is a temporary respite until a perfect forever home is found. For others, it becomes their forever home with a caring staff and volunteers serving as family, loving each as if they were their own. Loved in life and mourned in loss, each, then, is buried in a cemetery on site called Angel's Crossing – they are never forgotten. A quiet beautiful place to be remembered always. One of the dearest to me was Flossie.

The year 2020 brought many challenges for the Sanctuary. Throughout the past several months we had to put adoption appointments on hold, decrease volunteer hours, and cancel fundraising events. Despite all of this, our work for the animals continued. We have rehabilitated animals whose spirits have been broken. We provided surgeries for the injured, and comfort for the aging. We also experienced heartbreak, which is inevitable in our line of work. But along with the heartbreak there are wagging tails, sweet nuzzles, and so much love. We know that we are making a positive impact on each animal that comes through our gates. We love what we do and will continue to work our very hardest for these

48 *la Joie* Spring 2021

animals in our community! Slowly, things are getting back to a "new" normal for us.

Flossie – and Angel's Crossing

Please visit www.halliehill.com to learn more about over 200 animals in our care and how you can help. Hallie Hill is a 501[c] 3 non-profit. All donations are tax deductible.

Thank you, and many blessings!

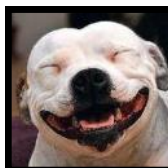

49 *la Joie* Spring 2021

One of our favorite volunteers, Katherine Watts, wrote this beautiful article for the Spring, 2021 issue of *la Joie* magazine! It features our sweet Harriet and Flossie, who we miss very much! Thank you, Katherine, for showcasing Hallie Hill Animal Sanctuary so well!

ASPCA

It's Hot Out!

Don't Leave Your Pet in the Car!

120°
Within 30 minutes, the car's interior can climb from 85° to 120°.

102°
On an 85° day, it only takes **ten minutes** for the inside of your car to reach 102°.

90°
Even if the temperature outside is only 70°, the inside of your car may be as much as 20 degrees hotter!

Pets most at risk for overheating are young, elderly or overweight animals, those with short muzzles and those with thick or dark-colored coats.

A car may overheat even when the windows have been left open an inch or two.

Shade offers little protection on a hot day and moves with the sun.

Many states and local governments have laws that prohibit leaving an animal unattended in a motor vehicle under dangerous conditions, which includes hot days. Your car could be damaged or you could be charged with a crime.

If you see an animal in a car on a hot day, try to locate the owner, or call 911! Stay by the car until help arrives.

So our dog just brought the sprinkler in through his doggy-door. How's your day going?

After listening to his owner drone on for hours, Ralph suddenly realized he was **NOT** cut out to be an emotional support dog after all.

July's Adorable Adoptables!

Go to halliehill.com and fill out an application to come out to HHAS to meet these wonderful animals!

Utah

Handsome Utah is patiently waiting for his forever family. This sweet retriever mix is just under four years old. He loves a good “sniffari”, walks where he can explore and take it all in. A good game of “chase the squirrel or bird” is at the top of his favorites list. He can get excited and pull on leash a bit but when you stop, he stops. He just really longs for a best friend to call his own. He lives with another dog at the sanctuary and would appreciate a slower introduction to new friends.

Beau

Beau is an almost six year old American Foxhound. He loves to play and have fun but enjoys a good cuddle at the end of the day. He is the adventurous type and can be pretty crafty when it comes to being contained to a yard when the need for adventure sets in. Strangely enough, he's done great in a yard that had a vertical slat aluminum fence. He enjoys going out and playing with other dogs but wants to be the king of his castle when he gets back home, so a home where he can be your one and only would be best. He's been working on his crate skills at the sanctuary and has learned that it can be a pretty okay place to decompress!

Aspen

Beautiful little Aspen is a playful, outgoing girl! Just a few months old, she is just one of almost a dozen kittens at the sanctuary who will be ready to go very soon! If you are looking to add kitten cuteness, energy and lots of smiles and laughter to your home, visit halliehill.com, fill out an adoption application and we'll invite you out to meet Aspen and the other sweet kittens looking for their forever families!

We Have Guinea Pigs!

We have guinea pigs! Three boys and one girl, are waiting for their forever homes. They are just about a year old. If you want to add some furry sweetness to your life, and a dog or cat isn't a good fit right now, we have you covered! These guys are cuddly and fairly easy to maintain. Pigs need love too!

Kids Club Love!

Mission Statement

Hallie Hill Animal Sanctuary is a 501c3 organization that provides a compassionate safe-haven with quality food and medical care for dogs and cats; a temporary home for those able to be adopted, and a forever home for those in need.
