The Hallie Hill Howler

Meet Our Newest Board Member

Gregory Zerkel

Greg Zerkel spent his formative years in Maryland, his college years in Virginia and his professional career in New York, Pennsylvania and West Virginia prior to retiring to the Lowcountry. He has experienced much of the east coast!

Zerkel owned and operated a large land services company which specialized in the acquisition of land and legal rights in the oil and gas exploration space. He served for many years on the board of the American Association of Professional Landmen.

Zerkel volunteers his time and energy in his retirement to feeding the needy and giving swim lessons for underprivileged youth. He is an active member of St John's Parish and enjoys supporting his church community. Mr. Zerkel can now add Hallie Hill Board Member to his philanthropic endeavors!

Having always owned long haired dachshunds in his youth and golden retrievers in his adult life, Zerkel brings a true passion and love of animals to the Hallie Hill Board of Directors. We welcome him to the Hallie Hill family and we look forward to working together in the best interest of the animals of Hallie Hill Animal Sanctuary.

Volunteer Spotlight

Jess Smith

Jess is originally from Illinois, but moved from NYC to Charleston in 2016. From the first day she volunteered at Hallie Hill in 2017, she's always thought it was the most amazing place she's ever encountered.

Jess is a sales executive for a robotics company, where she's able to enjoy the work-from-home life with her two dogs, Reece and Iris, her leopard gecko, Stella, and her hedgehog, Pinot.

Other than spending time with her dogs, Hallie Hill dogs, and selling robots, Jess enjoys wining and dining, traveling, craft-ing and binge watching true crime documentaries.

Hallie Hill is so lucky to have Jess! Her dedication to the animals and the time she has spent working individually with them, has helped so much to make them more adoptable. We appreciate you Jess Smith!!

Make a SPLASH with
LAPS FOR LOVE

Saturday, August 13th
Starting at 6:30am

Sponsored by
West Ashley Veterinary Clinic

Support our swimmers and learn all about our featured pets at HallieHill.com. Then watch the swim LIVE on Facebook at Hallie Hill Animal Sanctuary.

Our matching sponsors,
Three Oaks Contractors and Aqua Blue Pools,
will EACH match donations up to \$500.

From all of us at Hallie Hill, thank you for your support!

Your Donation to LAPS for LOVE helps our animals in many ways—Here are a few examples:

Freda

This medium sized hound was captured as a stray at Colleton County Animal Shelter. She had a poor chance of being adopted so we were asked to accept her at HH. They explained it took a long time to catch this skinny little hound with hair loss and missing part of her front left paw... Sadly, Freda was probably never a house dog, and is very timid with people. She has heartworms and other internal parasites. It is obvious she has had multiple litters of puppies and probably inadequate nutrition in her 5 years of life. Her physical challenges won't be as large a hurdle to cross as her lack of social skills. Life must have been hard for this sweet little hound who takes a submissive pose as people approach, but Hallie Hill will make sure her days of suffering are over. HH will provide all the medical support she needs and the time crucial to finding her a wonderful home. If it is determined that Freda will not thrive in a home, she will be a welcome addition as a long-term resident at the sanctuary. Support our swimmers as they work to raise money for animals like Freda.

This senior gal was part of a seizure by Charleston County Sheriffs Office of over 60 dogs at a hoarding facility. Happy was emaciated, had severely overgrown nails, infected itchy skin and was extremely lethargic on arrival. The vet discovered Happy was chronically anemic with a red blood cell count lower than anything we had ever encountered. Since arriving to Hallie Hill, she has gained 10 pounds and is no longer scratching constantly. We continue to bring her into the vet regularly for bloodwork and are very pleased with her overall improvement. Giving to Laps for Love helps pay for medical treatment for dogs like Happy....

Happy

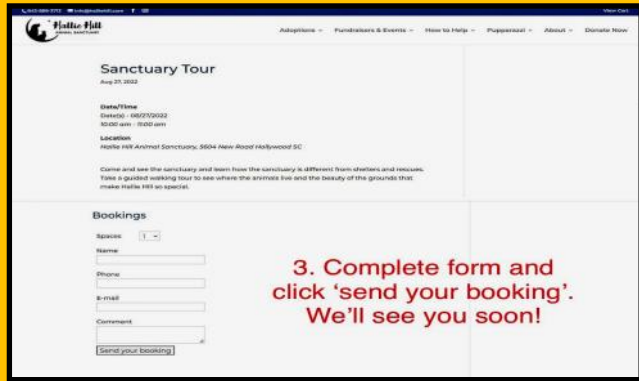

BeBe

Bebe was found on the road and brought to Hallie Hill by a supporter of the Sanctuary. She had terribly infected skin and almost no hair. She was covered in fleas and ticks that had nowhere to hide on her bald body. She was nervous of humans so probably did not have much socialization much less affection. Since arriving at Hallie Hill, she has had treatment for her skin and is growing a coat of beautiful red hair. She has been treated for both internal and external parasites. She is learning to trust other dogs and new people more each day. Donating to Laps for Love helps Bebe and others like her who need a little helping hand before being adopted by a loving family. Your donation to Laps for Love allows us to provide life-changing care for animals like BeBe.

Would you like to tour Hallie Hill Animal Sanctuary?

Tours are now being offered on Saturday and Sunday at 10 AM. Sign up now at halliehill.com! We can't wait to see you!

Before...

...After

Thank you Daniela Schneider for the AstroTurf that makes our infirmary patio so neat, clean and safe! You are the very BEST!

Animal shelters across the country are once again teaming up with NBC and Telemundo stations to find loving homes for pets in need with the Clear The Shelters pet adoption and donation campaign.

The stations' month-long "Adopt & Donate" effort features virtual pet adoptions and ways to donate online to participating shelters and rescues. The campaign runs from Aug. 1 through Aug. 31, 2022.

FIRST, Join Hallie Hill and Hannah Powers from 5-7 AM on Monday, August 22nd on the morning news! Hannah Powers will be broadcasting live from Hallie Hill to introduce you to some wonderful adoptable animals!

THEN, tune into the Channel 2 Midday News on 8/22 at 11:00 AM for extended interviews with more adorable adoptable animals from Hallie Hill!

THEN, on August 27th and August 28th, join us at Hallie Hill for the annual Clear the Shelters Open House from 10AM to 2 PM each day. See our beautiful facility and meet even more adorable adoptable animals!

THE MANY BENEFITS OF READING TO DOGS

When you think of activities people do with their dogs, you probably think of things like playing fetch, going for a walk, hanging out at the dog park, swimming...and reading. Yes, you read that correctly! Reading and sharing stories has benefits for both dogs and people — and especially children.

Benefits for children

Learning to read is a big milestone in a child’s intellectual development. The more you read, the better you get at it, however, for many children, reading aloud can be a bit intimidating or even stressful. It is easier for children to practice reading with a captivated, easy-going audience to build confidence. Dogs are that perfect audience.

A calm dog creates a comfortable, relaxed atmosphere for a young reader. Dogs love the attention and will often will cozy up to a young reader. If you don’t have a dog, ask your friends or relatives who have a calm dog to see if your child can have “story time” to get in some reading practice. You can also check your local service dog organizations to see if there are dogs available for your child to read to.

Benefits for shelter dogs

Shelter dogs tend to exhibit signs of stress and find the atmosphere of an animal shelter uncomfortable. Sometimes dogs that need a forever home show these signs of stress when visitors walk through the adoption floor, which makes them seem less adoptable.

After reading reports about how well dogs responded when children read to them, the Humane Society of Missouri started the Shelter Buddies program.

“We decided to try having children read to the dogs because it was a calm activity that provided companionship without too much physical interaction,” said JoEllyn Klepacki, director of education at the Missouri Humane Society.. “This is important because animals who approach the kennel front to greet potential adopters get adopted much more quickly than those who don’t.”

Other benefits

Reading to dogs is not just for children. Adults can enjoy the benefits of reading to dogs. Studies show that reading reduces stress. Dogs also reduce stress. Put those two together and you have a powerful tool to combat stress. What is more, reading to a dog can improve self-confidence and public speaking skills. After all, a dog will not be judgmental—he will simply be happy to get attention.

So grab your favorite read and settle down with your dog to enjoy it together!

THE CAT CORNER

“There are two means of refuge from the misery of life — music and cats.” -Albert Schweitzer

“Cats are connoisseurs of comfort.” -James Herriot

“What greater gift than the love of a cat.” - Charles Dickens

“I would like to see anyone, prophet, king or God, convince a thousand cats to do the same thing at the same time.” -Neil Gaiman

If man could be crossed with the cat it would improve the man, but it would deteriorate the cat.” -Mark Twain

“I have lived with several Zen masters -- all of them cats.” -Eckhart Tolle

“Time spent with a cat is never wasted.” -Colette

“I love cats because I enjoy my home; and little by little, they become its visible soul.” -Jean Cocteau

“Authors like cats because they are such quiet, lovable, wise creatures, and cats like authors for the same reasons.” -Robertson Davies

“There are no ordinary cats.” -Colette

“I have studied many philosophers and many cats. The wisdom of cats is infinitely superior.” -Hippolyte A. Taine

“I love them, they are so nice and selfish. Dogs are TOO good and unselfish. They make me feel uncomfortable. But cats are gloriously human.” -L.M. Montgomery

HAPPY INTERNATIONAL CAT DAY!
AUGUST 8TH

HISTORY OF INTERNATIONAL CAT DAY

Cats are carnivorous small furry mammals — for the most part — with four legs, a tail, and claws, that humans have domesticated as pets since ancient times, even though they have descended from the African Wildcat and they used to catch vermin.

The first historical human record about cats could be found in Ancient Egyptian Civilization’s culture. We all seem to relate cats with Egyptians, because of their adoration and consideration of cats as gods. Mafdet was the first known cat deity and was regarded as the protector against snakes, scorpions, and evil during the First Dynasty, so for them, cats were not just deities, but also protectors.

Later, after the Egyptian Dynasty collapsed, Cats became popular everywhere! Greeks and Romans used them as pest control, and in the East, cats were originally owned by rich and wealthy people. But during the Middle Ages, in Europe, Cats became associated with superstition and suspected of carrying the disease during the Black Death of 1348, that is the reason why too many cats got killed in that era, and it wasn’t until the 1600s that cats’ reputation started to recover.

In America, cats were part of the cargo on the colonization ships to minimize vermin and disease, so those cats went ashore and flourished. Nowadays, cats seem to be one of the pop icons in modern society – we have about half of a billion among us. And, since 2002, thanks to the “International Fund for Animal Welfare” cats have their own holiday!

<https://nationaltoday.com/international-cat-day/>

Cats are like music. It's useless to try to explain their worth to people who don't appreciate them.

Cats have 32 muscles in each ear, perfect for hearing absolutely nothing at 3am, then waking you to tell you about it.

Adoption 'Pup-dates' !!

We invite all of our families to share 'pup-dates' of their family members adopted from Hallie! Send a note and pictures to adoptions@halliehill.com. We look forward to hearing from you!

Adoption 'Pup-dates' !!

"Just an update on Manny: He is on his third camping trip and he is now riding in a basket on the bike! Loves to ride!!"

Manny

Carmella

Carmella made it to her new home in Minnesota!

"She is doing really good and was a really good car dog! She hasn't barked nor jump up on a lot of people! She loves meeting new humans and has a little bit of leash anxiety meeting other dogs but that's a work in progress!! When I get more photos I will send them to you too! Thank you so much for letting me adopt her, she's fitting right in to the family already! We walked through the farmers market with her Saturday and she did so good and trusted us! My family is slowly introducing her to everyone back home! She actually met my sisters dogs yesterday and they did great together, they just didn't want a picture together as you can see! They did meet off leash just so you know! When my family thinks she's ready, she will be starting daycare to socialize with other dogs!"

Tank

Little Tank was adopted a year ago April. He's doing great and his dad will be coming back to the sanctuary tomorrow to find a kitty friend for Tank! (Stay tuned!)

Tank's new baby feline sibling, HANK!

Hallie Hill appreciates our wonderful adopters! Thank you for finding room in your hearts, and homes, for these special, deserving animals!

"Mommy found the solution to my leg lifting since I wouldn't leave my belly band on!! Super cool rocket Jammies to go with my super cool spaceman belly band!!"

Buster doesn't even dig anymore, he hates it outside will go out with Cagney and come right back in. We've been leaving the bedroom door open for him when I go to work and it is where he prefers to be with his toys. He adores his Nark Box it and actually knows the box when it comes in the mail he very strategically chooses his toys and gas they are all over the house!"

Buddy

Does Your Pet Have a Drinking Problem?

80% of your pet's body is **WATER**
Humans are made up of only **55-60% WATER!**

1 FOR 1
Your pet needs **1 ounce of water per pound of body weight each day!**
WATER in 8 oz. glasses

10 lbs. =	1 glass
20 lbs. =	2 glasses
40 lbs. =	4 glasses
80 lbs. =	8 glasses

NO SWEAT?

Dogs and Cats do sweat! They regulate their body temperature by:

- #1 in Dogs - PANTING**
- #1 in Cats - SWEATING Through Their Paws**

Replenish their needed hydration by:

- Continuously provide fresh, clean water
- Make sure shade is available when outside
- Bring your pets inside in the air conditioning
- Gently rub pet with a damp towel

Water

Is the most essential nutrient for dogs and cats.

@Pet.Nutrition

SALTWATER POISONING: A Summertime Hazard

If your dog enjoys the beach, make sure they're not ingesting too much saltwater. Limit trips to about 2 hours, take frequent breaks and offer them plenty of fresh water to drink.

healthy pets

WISH BONE 5 FUN WAYS TO KEEP YOUR FURKIDS HYDRATED

- Get more water bowls.** Place a water bowl in several of your home where your dog or cat usually hangs around. Your furkid may get encouraged to drink more water if he sees his water bowl more often.
- Whip up some smoothies.** If he likes or dislikes your furkid's kind of thing, try smoothies. You can search for pet friendly smoothie recipes online, just make sure that you skip the sugar.
- Prepare pet-friendly popsicles.** Some dogs and cats love licking ice cubes. You can make a healthier and more nutritious for them by adding crushed bits of fruits like blueberries or cranberries.
- Provide a water fountain.** Not only fun to watch to look at, a water fountain equipped with filters circulates the water continuously. This helps keep your furkid's water fresh and clean all day.
- Add water to your furkid's meal.** You can add some water to his dry food to increase his water intake. This can also be an interesting alternative to your furkid's usual crunchy meal.

©2019 Wishbone Pet Foods

Watch Out for Blue Green Algae!

It's summer and warm weather conditions promote the growth of cyanobacteria that can make your pet seriously sick! Here's what to watch out for if your pet will be around bodies of water this season.

Cyanobacteria is most likely to thrive in bodies of water when the weather is warm (over 75 degrees) and sunny.

Dogs can become poisoned when they drink from or swim in contaminated water sources.

It is typically found in ponds, oceans, fresh water, damp soil, backyard fountains and even on rocks.

The bacteria itself is invisible to the eye, but water may appear pea-green in color or have a slime on surface.

If your pet is exposed to blue-green algae signs may develop as little as a few minutes or may take up to 12 hours to arise. Your pet may present with signs such as drooling, disorientation, weakness, vomiting, diarrhea, seizures, respiratory failure and even death.

For more information, please visit aspc.org/apcc

10 REASONS YOUR DOG IS DRINKING A LOT OF WATER

- BOREDOM OR BREED**
Some breeds will amuse themselves by playing or drinking in all kinds of pools of water.
- CUSHING'S DISEASE**
Thirst is one of the main symptoms of Cushing's Disease along with increased hunger, obesity, hair loss, and muscle weakness.
- DIABETES**
Dogs with diabetes will often exhibit increased thirst.
- HEAT AND COLD**
Extreme weather changes will impact a dog's body water loss and, subsequently, water intake.
- LIVER DISEASE**
You may notice your dog's eyes turning yellow, their body appearing weak, signs of confusion and increased thirst.
- HYPERCALCEMIA**
Too much calcium in your dog's body, they become depressed and lethargic.
- KIDNEY FAILURE**
Dogs with kidney failure with have increased thirst, weight loss, constipation, and vomiting.
- MEDICATIONS**
Some medicines, particularly strong ones like steroids, can result in a dog drinking a lot of water afterwards as a side effect.
- PYOMETRA**
Pyometra is a condition that only occurs in unspayed female dogs. Other symptoms include drinking and peeing regularly and loss of appetite.
- PSYCHOGENIC POLYDIPSIA**
This term applies to any signs of unusual thirst that have no physical reason. Some feel the behavior is attention-seeking.

Do's and Don't for a Dog Drinking a Lot of Water

DO schedule an appointment with your veterinarian	DO NOT ignore the fact that your dog is drinking a lot of water
DO make an effort to track when your dog is drinking and how much	DO NOT restrict water access before you discuss the symptoms with your vet
DO make sure your dog is properly hydrated both during hot days and very cold days	DO NOT panic
DO educate yourself

A PIT BULL'S HOUSE RULES

- 1. DON'T COME HOME** smelling of other dogs.
- 2. I CAN SLEEP ANYWHERE** I choose even if it means you trip over me.
- 3. DON'T CALL ME** or lead me to a bath.
- 4. LET ME OUTSIDE** event though I just came in, there was an area I forgot to sniff.
- 5. YOU MUST FEED ME** every goodie you eat
- 6. DON'T SHHHH ME** from barking while you are on the phone, I heard the wind blowing the leaves.
- 7. If it lands on the floor IT'S MINE!**
- 8. DON'T THINK** you can leave a room without me.
- 9. DON'T MOVE ME** while sleeping sideways in the middle of the bed you have enough room on the edge.
- 10. YOU WILL NEVER** pee alone again.

Hallie Hill Thanks our New and Renewing Canine Cabin and Cat Condo Sponsors!

Your generosity makes a BIG difference in the lives of our special animals!!

Canine Cabin/Cat Condo Sponsorship

Benefitting Hallie Hill Animal Sanctuary

All of our animal friends deserve a warm, comfortable place to "rest their paws."

Hallie Hill's Canine Cabin or Cat Condo sponsorship program provides a great opportunity for individuals, families, private organizations, and businesses to directly support the animals we care for daily.

As a sponsor, your name will be proudly displayed on the front of the cabin and included prominently on our website and in our newsletter.

August's Adorable Adoptables!

Go to halliehill.com and fill out an application to come out to HHAS to meet these wonderful animals!

Bandit

Bandit is a beautiful 12 year old fur baby! He is good with other cats, is a friendly, easy going guy and just wants to be a loyal companion to someone looking for a feline friend! We would love to introduce you to Bandit!

Scarlett

Scarlett is just under 12 years old but has LOTS of pep in her step! She has a very sweet personality, good with all people and dogs. She would love to be a part of a loving family where she can get (and give) some love and cuddles! Just meet her, you will fall in love.

Gizmo

Gizmo is a sweet boy who is a great medium size. At just 4 years old he will be a valued family member for many more years to come! He would be best as a canine sibling to older kids—he will love to be an active companion!

Sparkie

Just look at this handsome boy! Sparkie is just 1.5 years old, so needs an active family who is willing to do some basic training to teach Sparkie the family ropes! He is a friendly, smart guy who wants to please, so it shouldn't be hard! He would love to complete your family!

How Can You Help? Our August Wish List!...

Consumables we need all of the time!

Trash Bags

Dry cat food

Friskies wet cat food

Dog treats and biscuits

Bottled water

Kitchen can bags

Canned dog food

Copy Paper

Scoopable Cat Litter

Paper Plates and Paper Towels

Swiffer mopping cloths

Laundry Detergent

Multipurpose spray cleaner

Hallie Hill ANIMAL SANCTUARY Ways to Help

Donate to the MAGIC Fund

MAGIC = Medical And Geriatric Intensive Care

The MAGIC Fund is used to cover the many medical costs that arise at the sanctuary. New arrivals require vaccinations and spay/neuter surgeries. All of the 200 animals receive monthly heart worm and flea preventative. Many animals develop orthopedic or other health problems that require surgery. Hallie Hill also has many animals that require daily medications for everything from diabetes to arthritis. Many of the senior residents need more medical interventions as they age. Your donation to this fund helps to ensure the animals get the medical attention they need to live healthy, pain-free lives.

Hallie Hill ANIMAL SANCTUARY Ways to Help

Birthday Fundraiser

Whether to collect needed supplies at a party, or fundraising through facebook - it means the world to us when individuals choose to honor our animals on their special day!

Why You Should Consider Adopting a Senior Pet

Many older pets live out the remainder of their lives in shelters or are euthanized to make room for more adoptable animals. Don't you think it's heartbreaking?

Keep an open mind if you're thinking of adopting a shelter pet. Who knows, an older dog or cat might just be the pet you need.

Mission Statement

Hallie Hill Animal Sanctuary is a 501c3 organization that provides a compassionate safe-haven with quality food and medical care for dogs and cats; a temporary home for those able to be adopted, and a forever home for those in need.
